D103.2:

Things to know before setting up

The campground is for campers only

Only registered campers and their guests may use the campground facilities, including the showers. All others must conduct their recreational activities in the day-use area. Guests may not block the roads, park on the grass, or park on vacant camping pads. If your guests can't fit on your pad, they must park in one of the parking lots.

Sorry, campsites may not be reserved

Campsites are available strictly on a first-come, first-served basis. Only the actual occupant of a site may register and pay the camping fee.

Registered campers must spend each night at their campsite.

Please leash your pets

All pets must be physically restrained on a leash less than 6 feet in length. Also, animals are not permitted in the swimming areas, and owners are responsible for cleaning up after their pets.

We lock the gates at 10 p.m. (May to Sept)*

For your protection, park entrance gates are locked from 10 p.m. to 6 a.m. daily. Be sure to plan your activities around this. Resident park rangers or attendants will open gates during closed hours only in cases of bona fide emergencies.

*Hours for opening and closing will change before May and after September. Call the Ice Harbor Office or ask a park ranger for this information.

Quiet hours - 10 p.m. to 6 a.m.

Overflow camping

Overflow camping is available only at Hood and Charbonneau parks. A reduced fee is charged.

Please, no alcoholic beverages

State law prohibits public consumption of alcoholic beverages.

What about set up procedures ?

Camp only in designated sites

Camping is not permitted in parking lots or day-use areas.

Select any vacant site

Unoccupied sites are those without fee receipts attached to numbered site posts. After paying for your campsite, clip the registration receipt to the numbered post. When departing, please remove your receipt.

Campsites designated for the handicapped

These campsites may be occupied by non-handicapped campers only after all other campsites are full.

Please keep your vehicle on the roads and in the parking areas

Vehicles and boat trailers damage lawns and underlying irrigation systems. Vehicles in your party must fit on your pad without getting on the grass or extending into the roadway. Extra vehicles may be parked in the spaces available at the campground restroom or other parking lots. Do not park in vacant sites!

Camping gear should be stored inside

Gear stowed outside is an invitation for someone to take it. Also, automatic sprinklers which come on nightly frequently get out of adjustment and may soak your gear. Please contact a uniformed park ranger or attendant to readjust sprinkler heads if needed.

Fee collection

A uniformed ranger or contract attendant will visit your site to collect campground fees. If you must leave before the fee is collected, check in with the attendant prior to leaving the area. The attendant can be found at his/her campsite near the entrance to the campground or working in the campground.

Please confine your fires

Open fires are permitted only in grills or permanently installed fire rings. To protect the lawn, camp stoves and grills should not be placed on the grass.

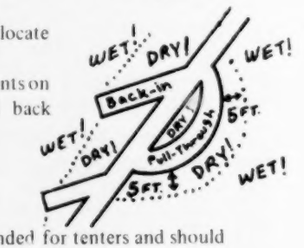
Tent camping

Tent camping is permitted at any of the designated campsites. Fishhook Park has an additional area set aside just for tent campers. Check the map of the park for its location.

Tents located on lawn areas must be moved at least once every two days to preserve the grass.

Lawn areas are irrigated nightly. Store your gear inside to protect it from getting wet. Check for sprinkler heads before setting up camp. To avoid getting wet, tents should generally be placed in the following areas:

A. At sites with gravel pad, locate tents on the pad.
B. At back-in sites, locate tents on lawn between roadway and back edge of paved parking area.
C. At pull-through sites, locate tents within 5 feet of paved parking area.



These sites are not recommended for tenters and should be used only after all back-in sites are filled.

Ask a park ranger or attendant to help locate sprinkler heads if you are unsure where to pitch your tent.

Gray water disposal

Sink water may not be drained onto the grass or pavement. It must be collected and disposed of in toilets or at the trailer dump station.

How will fees be charged ?

Camping charges

1. Fees will be collected at Charbonneau, Hood and Fishhook parks.
2. Current fees are posted at the entrance to each campground.
3. Each camping unit will be charged a separate fee (see definition on next page).
4. Full hookup sites, found only at Charbonneau Park, will be charged at a higher base rate than other sites (only 15 available).
5. Electricity is available for an additional charge at Charbonneau and Hood parks.
6. A reduced camping fee will be charged the occupants of each boat used for sleeping while moored to a Corps dock.
7. Fees for an additional night will be charged for those staying beyond the 3 p.m. checkout time.

Golden Age/Golden Access Passport discounts

All U.S. citizens or permanent residents aged 62 or older are entitled to a Golden Age Passport. Blind or disabled residents may be entitled to a Golden Access Passport. These passports are free and provide a reduction in camping fees. Contact a park ranger or attendant for further information.

3 p.m. Checkout time

After 3 p.m., fees for an additional night will be charged. Those wishing to stay longer but not overnight, must move to the day-use area of the park by 3 p.m.

14-day camping limit

Total combined camping at Hood, Charbonneau, Fishhook and Windust parks may not exceed 14 days of any 30-day period of time.

What's a camping unit ?

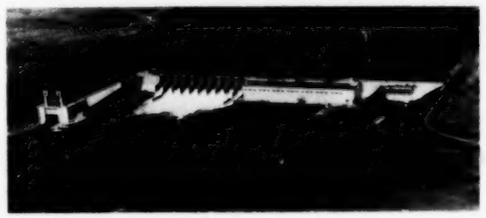
A Camping unit is . . .

1. Each wheeled camping apparatus or vehicle used for sleeping (motorhomes, trailers, pickup campers, pop-up trailers, etc.)*
2. Up to six people camping in no more than three tents.*

*Exceptions. All members of one family living at the same residence and camping on one site will be charged as one camping unit.

Refund policy

Rangers or attendants are not authorized to make cash refunds of camping fees. Refunds will be authorized only when a bona fide emergency requires early departure. In such cases, present your camping fee receipt to a ranger or attendant before you leave the park or to a ranger at the Ice Harbor Dam Visitor Center if one is not available in the park. The Visitor Center is open daily from 9 a.m. to 5 p.m. The refund will be mailed within 90 days.



Have you ever seen

- **boats going through a lock ?**
- **electricity being made ?**
- **migrating salmon ?**

Come visit Ice Harbor Lock and Dam

The Visitor Center, featuring interpretive displays and fish viewing room, is open daily from 9 a.m. to 5 p.m., April 1 to October 31. Self-guided tours of the powerhouse and navigation lock are available throughout the year during daylight hours.
